Re: Neighborhood Safety
Date: May 12, 2022

As always, we would like to thank you for volunteering your time and efforts to keep our neighborhood beautiful. Today, we would like to ask your assistance in addressing the issue of safety.

As you are aware the number of cars parked on the streets make our already narrow roadways impassable for two-way traffic along certain sections. Yesterday, we narrowly missed a head on collision as a small car sped around the curve on South St. More disturbing, there was a school bus behind us. This is by no means the first time this has happened to us. Several months ago a young lady passed us by driving up onto a neighbor's lawn. You may or not be aware that there have been 2 motor vehicles accidents on South St.

Residents have approached some violators only to be met by indifference. I personally have spoken to the "Crab Guy". I understand that neighbors who have brought this to your attention in the past have been directed to Town Hall. I have reached out to Town Hall, as have others, on numerous occasions to no avail. The time has come for this issue to be formally addressed by you, the leadership of our HOA. We are respectfully asking that you place neighborhood safety on the agenda of the next HOA Board meeting. We are in need of an action plan with timelines for addressing safety. As a starting point, I would suggest the Board send a letter to all residents asking them to address safety with the drivers in their own homes. Perhaps Premier could offer other preventive actions as certainly we are not the only development experiencing such issues.

We will again reach out to Town Hall. I will also be attaching this letter to the neighborhood Facebook page in the hopes that more neighbors will be

mobilized in assisting you as you ensure that our neighborhood is safe for drivers, bikers and walkers, most especially our children.

Thank you for your prompt attention to this matter and look forward to your response.
